

Berwickshire Naturalists' Club 2022
President's Lecture

The Berwickshire Naturalists and the Railways. The First 100 Years

Chris Neville-Taylor
President, Berwickshire Naturalists' Club

The Club was formed in 1831, one year after the opening of the world's first inter-city railway. Over the next 100 years the railway industry came to dominate economic and social activity throughout the UK.

The lecture is based on the many references to railways in the Club's "Histories" and covers the railway's transition from suspect "new technology" to a valuable resource.

Thursday October 27th at 2.45 P.M.

Volunteer Hall in Langtongate, Duns, TD11 3AF

Admission Free
