The Rothbury Estate Project

A Talk by Paul Barrett

Community Development Officer, Northumberland Wildlife Trust

Northumberland Trust and the Wildlife Trusts have just completed the purchase of THE ROTHBURY ESTATE.

This has just received UK Government recognition at the Global Biodiversity Summit, COP17. The 9,500 acre site includes a range of different environments, which allows the creation of a wildlife haven. Notable wildlife includes red grouse, merlins, cuckoos, mountain bumblebees, emperor moths and red squirrels.
